APERTURE FOR 2020

Written By The Editorial Board

The Aperture biannual newsletter is a great way to keep the students, faculty and parents abreast of what's happening in KIMS College of Nursing. It's an effective way of disseminating information and touching base with all the events mentioned in the midst of COVID-19. The value of the newsletter, however, lies in its creation. First, it needs to have strong visual impact so that its receivers want to read it. This Issue will give the mesmerizing experience to all readers.
